Subject Index

Addison's disease
–, CT findings in Addison's disease caused by tuberculosis, I.S. Sawczuk, C. Reitelman, C. Libby, D. Grant, J. Vita, R. de Vere White 44
Adrenal disease
–, Difficulties in the prospective diagnosis of functional adrenal diseases by CT, P.J. Kenney, D.P. Streeten, G.H. Anderson 184
Adrenal gland, computed tomography
–, CT findings in Addison's disease caused by tuberculosis, I.S. Sawczuk, C. Reitelman, C. Libby, D. Grant, J. Vita, R. de Vere White 44
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
–, Difficulties in the prospective diagnosis of functional adrenal diseases by CT, P.J. Kenney, D.P. Streeten, G.H. Anderson 184
–, Detection of adrenal melanoma with computed tomography, L.A. Parker, L.M. Vincent 209
Adrenal gland, lymphoma
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
Adrenal gland, magnetic resonance imaging
–, Magnetic resonance imaging of the adrenal glands, R. Mezrich, M.P. Banner, H.M. Pollack 127
Adrenal gland, melanoma
–, Detection of adrenal melanoma with computed tomography, L.A. Parker, L.M. Vincent 209
Adrenal gland, tuberculosis
–, CT findings in Addison's disease caused by tuberculosis, I.S. Sawczuk, C. Reitelman, C. Libby, D. Grant, J. Vita, R. de Vere White 44
Adrenal gland, ultrasound
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
Adrenal neuroblastoma
–, Renal and scapular masses in a 57-year-old woman, A.H. van der Vliet, D. Ling 56
Angiography
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
Angiography, digital subtraction
–, Intraarterial digital subtraction angiography of renal transplants, Th. Roeren, K. Hauenstein, E. Dinkel, G. Kirste 77
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204
Bicornuate uterus, magnetic resonance imaging
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52
Biopsy, aspiration
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Biopsy, prostatic
–, Prevesical hematoma: a complication of prostatic biopsy, P.L. Choyke, C.L. Blei, M.H. Jaffe, R.K. Zeman, M. Lieberman 32
Biopsy, renal
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Bladder abnormalities
–, Posterior ledge at the bladder neck: crucial diagnostic role of ultrasonography, I. Perkash, G.W. Friedland .. 175
Bladder, computed tomography
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216
Bladder leiomyoma
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216
Bladder, magnetic resonance imaging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
Bladder, mucosal tears
–, Bladder mucosal tears during voiding cystourethrography in chronic renal failure, A.H. Matsumoto, R.L. Clark, J.T. Cuttino, Jr. 81
Bladder neoplasms
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
Bladder, tumor staging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
Bladder, ultrasound
–, Posterior ledge at the bladder neck: crucial diagnostic role of ultrasonography, I. Perkash and G.W. Friedland 175
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216
Book Review
–, *Interventional Ultrasound*, edited by H.H. Holm and J.K. Kristensen, reviewed by A.T. Rosenfield 118
Catheter
–, Intraarterial digital subtraction angiography of renal transplants, Th. Roeren, K. Hauenstein, E. Dinkel, G. Kirste 77
Catheterization
–, Posterior ledge at the bladder neck: crucial diagnostic role of ultrasonography, I. Perkash, G.W. Friedland .. 175
Computed tomography (*see also* specific organ)
–, Prevesical hematoma: a complication of prostatic biopsy, P.L. Choyke, C.L. Blei, M.H. Jaffe, R.K. Zeman, M. Lieberman 32
–, CT findings in Addison's disease caused by tuberculosis, I.S. Sawczuk, C. Reitelman, C. Libby, D. Grant, J. Vita,

R. de Vere White 44
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
–, Computed tomography of acute radiation nephritis, L. Moore, N.S. Curry, J.M. Jenrette, III 89
–, Retrograde opacification of the renal vein: a CT sign of renal artery avulsion, J.D. Cates, W.D. Foley, T.L. Lawson 92
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-state renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
–, CT demonstration of rapid improvement of retroperitoneal fibrosis in response to steroid therapy, S.J. Smith, M.A. Bosniak, A.J. Megibow, D.H. Hulnick, S. Smiles 104
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
–, Magnetic resonance imaging of the adrenal glands, R. Mezrich, M.P. Banner, H.M. Pollack 127
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
–, Difficulties in the prospective diagnosis of functional adrenal diseases by CT, P.J. Kenney, D.P. Streeten, G.H. Anderson 184
–, Urachal carcinoma: evaluation with computed tomography, A.J. Thomas, M.S. Pollack, H.I. Libshitz 194
–, Detection of adrenal melanoma with computed tomography, L.A. Parker, L.M. Vincent 209
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216

Contrast media
–, Response of patients to informed consent for excretory urography, A.C. Winfield, C.V. Ford, A.E. James, R.M. Heller, A.K. Lamballe 35
–, Intraarterial digital subtraction angiography of renal transplants, Th. Roeren, K. Hauenstein, E. Dinkel, G. Kirste 77

Contrast media, nonionic
–, Comparative effects of nonionic (Iopamidol) and ionic (sodium and meglumine diatrizoate) contrast media for urography on urinary excretion of water and solutes, G. Garibotto, S. Saffioti, G. Garlaschi, A. Gambaro, L. Satragno, G. Cittadini 199

Cortisone therapy
–, CT demonstration of rapid improvement of retroperitoneal fibrosis in response to steroid therapy, S.J. Smith, M.A. Bosniak, A.J. Megibow, D.H. Hulnick, S. Smiles 104

Cystourethrography
–, Bladder mucosal tears during voiding cystourethrography in chronic renal failure, A.H. Matsumoto, R.L. Clark, J.T. Cuttino, Jr. 81

Editorial introduction
–, Editorial: special issue: nuclear magnetic resonance imaging, J.H. Newhouse 119

Embolism, pulmonary
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108

Endocrine glands, abnormalities
–, Difficulties in the prospective diagnosis of functional adrenal diseases by CT, P.J. Kenney, D.P. Streeten, G.H. Anderson 184

Endometrial carcinoma
–, Magnetic resonance imaging of the female pelvis, D. Picus, J.K.T. Lee 166

Female pelvis
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52
–, Magnetic resonance imaging of the female pelvis, D. Picus, J.K.T. Lee 166

Fistula, arteriovenous
–, Arteriovenous fistula associated with renal cell carcinoma: demonstration by magnetic resonance imaging, C. Selli, C. Bartolozzi, G. Lizzadro, D. Petacchi 190

Hematoma
–, Prevesical hematoma: a complication of prostatic biopsy, P.L. Choyke, C.L. Blei, M.H. Jaffe, R.K. Zeman, M. Lieberman 32

Hematometrosalpinx
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52

Hemosiderosis, renal cortical
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101

Hydronephrosis
–, Ultrasound evaluation of uncommon renal transplant complications, K.J. Stuck, S.Z.H. Jafri, D.D. Adler, D.A. Campbell, D.C. Dafoe, T.M. Silver 6
–, CT demonstration of rapid improvement of retroperitoneal fibrosis in response to steroid therapy, S.J. Smith, M.A. Bosniak, A.J. Megibow, D.H. Hulnick, S. Smiles 104

Image contrast, urinary magnetic resonance imaging
–, Image contrast and pulse sequences in urinary tract magnetic resonance imaging, J.H. Newhouse 120

Imaging, adrenal gland
–, Magnetic resonance imaging of the adrenal glands, R. Mezrich, M.P. Banner, H.M. Pollack 127

Imaging, parametric
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204

Informed consent
–, Response of patients to informed consent for excretory urography, A.C. Winfield, C.V. Ford, A.E. James, R.M. Heller, A.K. Lamballe 35

Interventional uroradiology
–, Percutaneous removal of renal calciceal calculi: an alternative approach, S. Glanz, G.B. Laungani, D.H. Gordon, R.J. Macchia, S.J. Sclafani 40
–, Percutaneous nephrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61

Iopamidol
–, Comparative effects of nonionic (Iopamidol) and ionic (sodium and meglumine diatrizoate) contrast media for urography on urinary excretion of water and solutes, G.

Garibotto, S. Saffioti, G. Garlaschi, A. Gambaro, L. Satragno, G. Cittadini 199
Kidney (*see* Renal)
Kidney biopsy
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Kidney, computed tomography
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
–, Computed tomography of acute radiation nephritis, L. Moore, N.S. Curry, J.M. Jenrette, III 89
Kidney, congenital anomaly
–, Crossed fused renal ectopia: sonographic diagnosis, J.D. Goodman, K.I. Norton, L. Carr, H.-C. Yeh 13
Kidney, iatrogenic complications
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S.Schechter, T.Slovis, R. Merola, D.H. Eaton 17
Kidney, magnetic resonance imaging
–, Scar sign of renal oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline 46
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
–, Magnetic resonance imaging of the kidney, N. Papanicolaou, P.F. Hahn, R.R. Edelman, J.H. Newhouse, R.C. Pfister, D.D. Stark, I.C. Yoder, T.J. Brady 139
–, Arteriovenous fistula associated with renal cell carcinoma: demonstration by magnetic resonance imaging, C. Selli, C. Bartolozzi, G. Lizzadro, D. Petacchi 190
Kidney, neoplasms
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
Kidney, pyelonephritis
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-stage renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
Kidney, stone extraction
–, Percutaneous nethrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Kidney, transitional cell carcinoma
–, Sonography in transitional cell carcinoma of the renal pelvis, D.C. Grant, G.J. Lee, I.C. Yoder, J.H. Newhouse 1
Kidney, ultrasound
–, Crossed fused renal ectopia: sonographic diagnosis, J.D. Goodman, K.I. Norton, L. Carr, H.-C. Yeh 13
–, Sonographic evaluation of the rejecting ureter, H. Hricak, A.S. Mark, C.E. Alpers, R.H. Littleton 25
Leiomyoma, bladder
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216
Lithotripsy, ultrasonic
–, Percutaneous nethrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Lymphoma, adrenal
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
Lymphoma, non-Hodgkin's
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
Magnetic resonance imaging
–, Scar sign of renal oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline 46
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
–, Image contrast and pulse sequences in urinary tract magnetic resonance imaging, J.H. Newhouse 120
–, Magnetic resonance imaging of the adrenal glands, R. Mezrich, M.P. Banner, H.M. Pollack 127
–, Magnetic resonance imaging of the kidney, N. Papanicolaou, P.F. Hahn, R.R. Edelman, J.H. Newhouse, R.C. Pfister, D.D. Stark, I.C. Yoder, T.J. Brady 139
–, Magnetic resonance imaging in the evaluation of the retroperitoneum, B.E. Demas, H. Hricak 151
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
–, Magnetic resonance imaging of the female pelvis, D. Picus, J.K.T. Lee 166
–, Arteriovenous fistula associated with renal cell carcinoma: demonstration by magnetic resonance imaging, C. Selli, C. Bartolozzi, G. Lizzadro, D. Petacchi 190
Medicolegal problems
–, Response of patients to informed consent for excretory urography, A.C. Winfield, C.V. Ford, A.E. James, R.M. Heller, A.K. Lamballe 35
Metaplasia, keratinizing desquamative squamous
–, Keratinizing desquamative squamous metaplasia of the upper urinary tract, S.G. Haugen, N.F. Wasserman .. 211
Nephritis, radiation
–, Computed tomography of acute radiation nephritis, L. Moore, N.S. Curry, J.M. Jenrette, III 89
Nephrogram, dense
–, Computed tomography of acute radiation nephritis, L. Moore, N.S. Curry, J.M. Jenrette, III 89
Nephrolithiasis
–, Spontaneous delivery of renal stone into the retroperitoneum, B. Moskovitz, M. Bolkier, D.R. Levin 214
Nephrostolithotomy, percutaneous
–, Percutaneous nethrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Nephrostomy, percutaneous
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
–, Percutaneous removal of renal caliceal calculi: an alternative approach, S. Glanz, G.B. Laungani, D.H. Gordon, R.J. Macchia, ɔJ.A. Sclafani 40
–, Percutaneous nethrolithotomy: analysis of 500 consec-

utive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Neuroblastoma
–, Renal and scapular masses in a 57-year-old woman, A.H. van der Vliet, D. Ling 56
Nuclear magnetic resonance
–, Magnetic resonance imaging of the adrenal glands, R. Mezrich, M.P. Banner, H.M. Pollack 127
Ovary, magnetic resonance studies
–, Magnetic resonance imaging of the female pelvis, D. Picus, J.K.T. Lee 166
Parametric imaging
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204
Parenchyma, spontaneous rupture
–, Spontaneous delivery of renal stone into the retroperitoneum, B. Moskovitz, M. Bolkier, D.R. Levin 214
Paroxysmal nocturnal hemoglobinuria
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
Pelvis, magnetic resonance imaging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
–, Magnetic resonance imaging of the pelvis, D. Picus, J.K.T. Lee 166
Percutaneous nephrostomy
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
–, Percutaneous removal of renal caliceal calculi: an alternative approach, S. Glanz, G.B. Laungani, D.H. Gordon, R.J. Macchia, S.J.A. Sclafani 40
–, Percutaneous nephrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Percutaneous renal biopsy
–, Percutaneous renal biopsy: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
Perianeurysmal fibrosis
–, CT demonstration of rapid improvement of retroperitoneal fibrosis in response to steroid therapy, S.J. Smith, M.A. Bosniak, A.J. Megibow, D.H. Hulnick, S. Smiles 104
Pheochromocytoma
–, Recurrent pheochromocytoma: intrarenal and pulmonary spread, J.L. Puech, M.Y. Song, H. Rousseau, M. Jardin, P. Giraud, F. Joffre. 49
Prostate, biopsy
–, Previsical hematoma: a complication of prostatic biopsy, P.L. Choyke, C.L. Blei, M.H. Jaffe, R.K. Zeman, M. Lieberman 32
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Prostate, magnetic resonance imaging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
Prostate, tumor staging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
Prostatic carcinoma
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Proximal convoluted tubule
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
Pyelonephritis, computed tomography
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-state renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
Pyelonephritis, xanthogranulomatous
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-stage renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
Pyonephrosis
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
Radiation nephritis
–, Computed tomography of acute nephritis, L. Moore, N.S. Curry, J.M. Jenrette, III 89
Reflux nephropathy
–, Familial vesicoureteral reflux: a study of 16 families, L. Sirota, M. Hertz, J. Laufer, P. Jonas, H. Boichis 22
Reflux, screening
–, Familial vesicoureteral reflux: a study of 16 families, L. Sirota, M. Hertz, J. Laufer, P. Jonas, H. Boichis 22
Reflux vesicoureteric
–, Familial vesicoureteral reflux: a study of 16 families, L. Sirota, M. Hertz, J. Laufer, P. Jonas, H. Boichis 22
Renal agenesis
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamilton, H. Pettersson, S.L. Ramey, F. Moazam 52
Renal angiography
–, Intraarterial digital subtraction angiography of renal transplants, Th. Roeren, K. Hauenstein, E. Dinkel, G. Kirste 77
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204
Renal artery, injury
–, Retrograde opacification of the renal vein: a CT sign of renal artery avulsion, J.D. Cates, W.D. Foley, T.L. Lawson 92
Renal biopsy
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
Renal calculi
–, Ultrasound evaluation of uncommon renal transplant complications, K.J. Stuck, S.Z.H. Jafri, D.D. Adler, D.A. Campbell, D.C. Dafoe, T.M. Silver 6
–, Percutaneous removal of renal caliceal calculi: an alternative approach, S. Glanz, G.B. Laungani, D.H. Gordon, R.J. Macchia, S.J.A. Sclafani 40
–, Percutaneous nephrolithotomy: analysis of 500 consecutive patients, W.J. Lee, A.D. Smith, V. Cubelli, F.M. Vernace 61
Renal candidiasis
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
Renal cell carcinoma
–, Arteriovenous fistula associated with renal cell carci-

noma: demonstration by magnetic resonance imaging, C. Selli, C. Bartolozzi, G. Lizzadro, D. Petacchi 190
–, Scar sign of renal oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline 46
Renal cortex
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
Renal cortical hemosiderosis
–, Magnetic resonance appearance of the kidneys in paroxysmal nocturnal hemoglobinuria, A.R. Lupetin 101
Renal diffuse disease
–, Magnetic resonance imaging of the kidney, N. Papanicolaou, P.F. Hahn, R. R. Edelman, J.H. Newhouse, R.C. Pfister, D.D. Stark, I.C. Yoder, T.J. Brady 139
Renal ectopia, crossed fused
–, Crossed fused renal ectopia: sonographic diagnosis, J.D. Goodman, K.I. Norton, L. Carr, H.-C. Yeh 13
Renal failure
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-stage renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
Renal failure, acute
–, Diagnostic role of intravenous urography in acute and chronic renal failure. G.R. Keeton, G.P. Pillay 72
Renal failure, chronic
–, Diagnostic role of intravenous urography in acute and chronic renal failure, G.R. Keeton, G.P. Pillay 72
–, Bladder mucosal tears during voiding cystourethrography in chronic renal failure, A.H. Matsumoto, R.L. Clark, J.T. Cuttino, Jr. 81
Renal focal disease
–, Magnetic resonance imaging of the kidney, N. Papanicolaou, P.F. Hahn, R.R. Edelman, J.H. Newhouse, R.C. Pfister, D.D. Stark, I.C. Yoder, T.J. Brady 139
Renal infarction
–, Ultrasound evaluation of uncommon renal transplant complications, K.J. Stuck, S.Z.H. Jafri, D.D. Adler, D.A. Campbell, D.C. Dafoe, T.M. Silver 6
Renal injury, computed tomography
–, Retrograde opacification of the renal vein: a CT sign of renal artery avulsion, J.D. Cates, W.D. Foley, T.L. Lawson 92
Renal metastates
–, Prostatic carcinoma metastasis to the kidney: diagnosis by thin needle aspiration biopsy, R. Kutcher, E. Greenebaum, R. Rosenblatt, H.F. Moussouris 98
Renal neoplasms
–, Scar sign of renal oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline 46
–, Percutaneous renal biopsies: accuracy, safety, and indications, L. Nadel, B.R. Baumgartner, M.E. Bernardino 67
–, Renal and scapular masses in a 57-year-old woman, A.H. van der Vliet, D. Ling 56
Renal oncocytoma
–, Scar sign of oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline ... 46
Renal parenchymal stone
–, Spontaneous delivery of renal stone into the retroperitoneum, B. Moskovitz, M. Bolkier, D.R. Levin 214
Renal pelvis
–, Sonography in transitional cell carcinoma of the renal pelvis, D.C. Grant, G.J. Lee, I.C. Yoder, J.H. Newhouse 1
Renal perfusion
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204
Renal structure and function
–, Parametric imaging applied to renal digital subtraction angiography: establishment of normal ranges, J.V. Hunter 204
Renal transitional cell carcinoma
–, Sonography in transitional cell carcinoma of the renal pelvis, D.C. Grant, G.J. Lee, I.C. Yoder, and J.H. Newhouse 1
Renal transplant
–, Intraarterial digital subtraction angiography of renal transplants, Th. Roeren, K. Hauenstein, E. Dinkel, G. Kirste 77
–, Ultrasonographic diagnosis of vesical leakage in a renal transplant recipient, R. Rabinovici, A. Rivkind, P.D. Lebensart, Y. Berlatzky 112
–, Ultrasound evaluation of uncommon renal transplant complications, K.J. Stuck, S.Z.H. Jafri, D.D. Adler, D.A. Campbell, D.C. Dafoe, T.M. Silver 6
Renal tumor
–, Scar sign of renal oncocytoma: magnetic resonance imaging appearance and lack of specificity, D.S. Ball, A.C. Friedman, D.S. Hartman, P.D. Radecki, D.F. Caroline 46
Renal vein
–, Arteriovenous fistula associated with renal cell carcinoma: demonstration by magnetic resonance imaging, C. Selli, C. Bartolozzi, G. Lizzadro, D. Petacchi 190
Renal vein, retrograde opacification
–, Retrograde opacification of the renal vein: a CT sign of renal artery avulsion, J.D. Cates, W.D. Foley, T.L. Lawson 92
Retroperitoneum
–, Magnetic resonance imaging in the evaluation of the retroperitoneum, B.E. Demas, H. Hricak 151
–, Spontaneous delivery of renal stone into the retroperitoneum, B. Moskovitz, M. Bolkier, D.R. Levin 214
Retroperitoneum, fibrosis
–, CT demonstration of rapid improvement of retroperitoneal fibrosis in response to steroid therapy, S.J. Smith, M.A. Bosniak, A.J. Megibow, D.H. Hulnick, S. Smiles 104
Spinal cord, injuries
–, Posterior ledge at the bladder neck: crucial diagnostic role of ultrasonography, I. Perkash, G.W. Friedland .. 175
Testicular seminoma
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
Testis, neoplasms
–, Invasion of inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
Thrombosis, caval
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
Tuberculosis, adrenal
–, CT findings in Addison's disease caused by tuberculosis,

I.S. Sawczuk, C. Reitelman, C. Libby, D. Grant, J. Vita, R. de Vere White 44
Tumor staging
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
–, Urachal carcinoma: evaluation with computed tomography, A.J. Thomas, M.S. Pollack, H.I. Libshitz 194
Ultrasound
–, Sonography in transitional cell carcinoma of the renal pelvis, D.C. Grant, G.J. Lee, I.C. Yoder, J.H. Newhouse 1
–, Ultrasound evaluation of uncommon renal transplant complications, K.J. Stuck, S.Z.H. Jafri, D.D. Adler, D.A. Campbell, D.C. Dafoe, T.M. Silver 6
–, Crossed fused renal ectopia: sonographic diagnosis, J.D. Goodman, K.I. Norton, L. Carr, H.-C. Yeh 13
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
–, Sonographic evaluation of the rejecting ureter, H. Hricak, A.S. Mark, C.E. Alpers, R.H. Littleton 25
–, Massive bilateral non-Hodgkin's lymphomas of the adrenals, M.A.M. Feldberg, M.J. Hendriks, A.C. Klinkhamer 85
–, Ultrasonographic diagnosis of vesical leakage in a renal transplant recipient, R. Rabinovici, A. Rivkind, P.D. Lebensart, Y. Berlatzky 112
–, Leiomyoma of the bladder, W. Wenz, H. Sommerkamp, E. Dinkel 114
–, Magnetic resonance imaging of the pelvis: prostate and urinary bladder, G.C. Dooms, H. Hricak 156
–, Posterior ledge at the bladder neck: crucial diagnostic role of ultrasonography, I. Perkash, G.W. Friedland .. 175
–, Bladder leiomyoma: advantages of sonography over computed tomography, F.F. Illescas, M.E. Baker, J.L. Weinerth 216
Ultrasound, neonatal
–, Renal candidiasis of the infant: ultrasound evaluation, H.L. Cohen, J.O. Haller, S. Schechter, T. Slovis, R. Merola, D.H. Eaton 17
Urachal carcinoma, computed tomography
–, Urachal carcinoma: evaluation with computed tomography, A.J. Thomas, M.S. Pollack, H.I. Libshitz 194
Ureter, rejection
–, Sonographic evaluation of the rejecting ureter, H. Hricak, A.S. Mark, C.E. Alpers, R.H. Littleton 25
Urethra
–, Voiding symptoms and periurethral mass (clinical pathologic conference), T.E. St. Amour, D. Miller 219
Urethra, Wegner's granulomatosis
–, Voiding symptoms and periurethral mass (clinical pathologic conference), T.E. St. Amour, D. Miller 219
Urethra, periurethral abscess
–, Voiding symptoms and periurethral mass (clinical pathologic conference), T.E. St. Amour, D. Miller 219
Urinary tract, epithelial lesion
–, Keratinizing desquamative squamous metaplasia of the upper urinary tract, S.G. Haugen, N.F. Wasserman .. 211
Urinary tract, magnetic resonance imaging
–, Image contrast and pulse sequences in urinary tract magnetic resonance imaging, J.H. Newhouse 120
Urography, excretory
–, Response of patients to informed consent for excretory urography, A.C. Winfield, C.V. Ford, A.E. James, R.M. Heller, A.K. Lamballe 35
–, Comparative effects of nonionic (Iopamidol) and ionic (sodium and meglumine diatrizoate) contrast media for urography on urinary excretion of water and solutes, G. Garibotto, S. Saffioti, G. Garlaschi, A. Gambaro, L. Satragno, G. Cittadini 199
Urography, intravenous
–, Diagnostic role of intravenous urography in acute and chronic renal failure, G.R. Keeton, G.P. Pillay 72
Urothelium
–, Keratinizing desquamative squamous metaplasia of the upper urinary tract, S.G. Haugen, N.F. Wasserman .. 211
Uterine neoplasms, magnetic resonance studies
–, Magnetic resonance imaging of the female pelvis, D. Picus, J.K.T. Lee 166
Uterine neoplasms, magnetic resonance imaging
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52
Uterus, bicornuate
–, Magnetic resonance imaging of bicornuate uterus with unilateral hematometrosalpinx and ipsilateral renal agenesis, D.J. Hamlin, H. Pettersson, S.L. Ramey, F. Moazam 52
Vena cava, neoplasms
–, Recurrent pheochromocytoma: intrarenal and pulmonary spread, J.L. Puech, M.Y. Song, H. Rousseau, M. Jardin, P. Giraud, F. Joffre 49
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
Venography
–, Invasion of the inferior vena cava by testicular seminoma: demonstration by computed tomography and venography, W.M. O'Brien, P.L. Choyke, J.H. Lynch, R.K. Zeman 108
Venous thrombosis
–, Recurrent pheochromocytoma: intrarenal and pulmonary spread, J.L. Puech, M.Y. Song, H. Rousseau, M. Jardin, P. Giraud, F. Joffre 49
Vesical leakage
–, Ultrasonographic diagnosis of vesical leakage in a renal transplant recipient, R. Rabinovici, A. Rivkind, P.D. Lebensart, Y. Berlatzky 112
Vesicoureteral reflux
–, Familial vesicoureteral reflux: a study of 16 families, L. Sirota, M. Hertz, J. Laufer, P. Jonas, H. Boichis 22
Voiding cystourethrogram
–, Bladder mucosal tears during voiding cystourethrography in chronic renal failure, A.H. Matsumoto, R.L. Clark, J.T. Cuttino, Jr. 81
Voiding symptoms
–, Voiding symptoms and periurethral mass (clinical pathologic conference), T.E. St. Amour, D. Miller 219
Xanthogranulomatous pyelonephritis
–, Bilateral metachronous xanthogranulomatous pyelonephritis in end-stage renal failure, J. Golomb, A. Solomon, G. Peer, E. Merimsky, A. Aviram, Z. Braf 95
